**Open Book Test
(Academic year-2023-24)**

Every year department of Chemistry conducts open book test for the B.Sc. students of all classes. The goal of an open book test was to see how well students grasp a subject. Rather than just recalling information memorizing it. In book test faculty allows students to carry whichever material they want (Except digital accessories).

Objectives

Exam with open books emphasize "advanced level learning". It implies that students aren't concerned with memorization. The students must fully prepare for open book tests because they can be difficult than other assessments. They prepare same way they would for any other tests.

- Enhance application based learning.
- Encourage students to pay attention in class.
- Give a fair chance to every student.
- Encourage wider reading around subject.
- It improve writing skills and handwriting.
- Develop thinking ability of students.
- Prepare answer of reasoning on reading the concept.

Outcomes

Each year department of Chemistry conducts open book test for the B.Sc. students of all classes. Some of the positive outcomes of this activity are as follows.

- Reduces exam stress.
- Students prepare their own notes.
- Reads chapter well and don't expect quick answer during test.
- Student's develops how to find solutions and rewrites the mathematical concepts and formulas.
